TO WHOM IT MAY CONCERN:

Philip Morse was the professional Sculptor in the ARTS/SIX program for the school year 1969-70. Under our program he worked exclusively with 4th grade students, but it is our opinion that his qualifications should enable him to work effectively with students over a wide age range.

Mr. Morse was extremely conscientious in performing his duties indicating a high degree of responsibility in carrying forward a program with minimum supervision. Both observation and written evaluations by an independent firm indicated he achieved a high degree of rapport with the students, having no trouble whatsoever in communicating with them and presenting his material in a most effective manner.

While in the employ of ARTS/SIX, his personal behavior was impeccable.

Should any further information be desired, please contact the undersigned at the above address.

Sincerely yours,

William S. Taylor
