

6/25/1992

To whom it may concern,

Philip Morse has been affiliated with AVA Gallery and Art Center since the early 1980's. As a multi-talented artist and a dedicated volunteer, he has been involved with AVA in a number of capacities. He is a sensitive, talented and imaginative artist, whose work has been featured prominently at AVA. His teaching skills are remarkable, as he has a rare ability to get the very best out of his students.

Since AVA's education program expanded in March of 1990, Philip has taught numerous classes on Drawing, Painting with Mixed Media as well as Life Drawing. His classes are always well prepared and combine his knowledge of various techniques with a highly developed sensitivity for each student's individuality. It is always a pleasure to have Philip Morse as a part of our faculty. His pleasant, gentle personality, and his reliable character makes him a great addition to any faculty committed to open-minded, high quality art education.

Sincerely,

Luciana Frigerio  
Assistant Director
